I came to Tammin in 1985 to work at the Tammin Shire as an Admin Officer, I got married to a wonderful man and had three beautiful children. I currently work at the Tammin P.S as an EA and a Librarian. I joined Council in 2019 as I wanted to support my community and be a part of a thriving Shire that offered many opportunities so Tammin could strive forward. I have really enjoyed the past 4 years and being a part of a progressive Council. Such accomplishments include upgrades to Donnan Park, the Kep benches, Hall flooring and disabled toilet, Frearson Park renovations, new Golf Club House, the new by-pass road and Dog Park to name a few.

I have really enjoyed representing my community not only at Council Meetings but also at the various Committee Meetings I have attended and hope that I have been approachable and supportive. I would love the opportunity to be elected for another 4 years as I am passionate about Tammin and its potential for growth and prosperity as Our aim is Progress.
