THOMSON, Courtney

My name is Courtney Thomson and I would like to apply for the vacant Councillor position.

I was born and raised in Tammin until I attended boarding school at Penrhos College and continued onwards to Curtin University. In April 2018 after graduating from Curtin with a Bachelor of Commerce majoring in Public Relations and Events Management I landed the Coordinator role at the Cunderdin Community Resource Centre.

My role at the CRC has allowed me push myself with new experiences and to further gain knowledge both in and out of the workplace. I am a very community orientated person who thrives on working to make our community a better place and I would love the opportunity to be involved at a new level in our community.
