THE PROJECT

What is the project to be funded?	The Tammin Oval Pavilion currently has very limited kitchen equipment, which restricts the ability of sporting clubs, community groups and hirers to safely and efficiently cater for events. Funding for the purchase of essential items such as knives, tea towels, tongs, serving spoons and other basic utensils will ensure the pavilion is properly equipped for regular use. These items will be stored on site for shared access, supporting all clubs that utilise the oval as well as community members hiring the facility for functions. This investment will significantly improve the functionality of the pavilion and enhance the experience of everyone using the space.
Who will the project benefit?	The project will benefit all sporting clubs that use the Tammin Oval, local community groups who rely on the pavilion for meetings and events, volunteers and organisers who currently have to bring equipment from home, individuals and families hiring the space for private functions, and the wider Tammin community through improved usability of the pavilion.
