Message from the CEO

Dear Community Members,

As most of you are probably aware I have recently resigned from the position of Shared CEO with the Shires of Tammin and Cunderdin finishing on Friday 17th November.

I will be taking up the position of CEO with the Shire of Laverton on Monday 4th December and begin the next chapter of my career.

I am most appreciative for the Council providing me with the opportunity to be employed by the Shire of Tammin in the shared role and have thoroughly enjoyed the challenges presented.

It has been a very positive experience working with the Tammin Council, staff and wider community and I am pleased to be leaving with the Shire in a sound position and with some exciting projects on the table for the next few years.

Best wishes for your ongoing endeavours and I am sure the strong and positive energy from the Tammin community will help the town and Shire be sustainable into the future.

The Councils have appointed Mr Stephen Tindale as Interim CEO whilst the CEO recruitment process is carried out. Stephen is a very experienced local government CEO, having worked in many capacities throughout the state in his very successful LG career, and I'm sure will be a great asset to the two Shires whilst in the chair.

Regards,

Peter.

Election of President, Deputy President

At the Ordinary Council Meeting held on the 26th October 2017, **Cr Michael Greenwood** was elected President and **Cr Donald Thomson** Deputy President for two year terms (October 2019).

Messages for volunteer fire fighters and fire brigades

What to do in an emergency...

When a bushfire event starts and before you hook into the water supply system, **call us on 13 13 75** (24 hours a day/7 days a week).

If we know where your crews are headed, we might be able to provide you with a better location where you can maintain pressure for longer OR we might be able to do something to our water supply system which will mean that we can keep it running for a fraction longer.

HOWEVER, there is no guarantee that we can prolong supply or pressure, and experience has shown that once the town is threatened and there is mass demand, the supply will lose pressure and may empty.

Hydrants

Location – if you are unsure where your hydrants are located, please contact DFES or our Operations Centre on 13 13 75 who will provide you with the exact geographical locations.

Testing - If you intend to test hydrants in your area, please let us know first. Often a side-effect of using the hydrants is that nearby residences receive discoloured water.

If we're aware of the exercise beforehand, we can ensure our operators are prepared and ready to respond to any complaints.

Broken hydrants

Please note – any issues with hydrants should be reported up through DFES.

DFES will contact Water Corporation and a work order will be actioned immediately.

Reminder to residents in your Shire

Help us spread the word to people that they cannot rely on mains water in a bush fire when other critical infrastructure such as power has been damaged.

A MUSICAL LUNCHEON FOR SENIORS

Administration Office Garden Beds

Councillors and staff have received many comments recently in regards to the flower beds at the front of the Shire Administration Office.

Please note that Council has recently engaged the services of an Urban Design company to prepare a landscape plan for the Tammin Town site. Included, but not limited to, as part of this planning is the flower beds, former tennis area, town site entry features, public open space, and the Kadjinyiny Kep.

Once the plan has been prepared and presented to Council for consideration it is proposed that will be advertised for community comment prior to being implemented.

We request that you please be patient and work with us with this process which will help improve the visual amenity of the Tammin Town site.

Thank you and kind regards,

Peter Naylor
