Who is eligible for KidSport?

All Western Australian children aged 5 to 18 with a valid Health Care Card or Pensioner Concession Card are eligible for KidSport. Find your nearest club through [Find a KidSport Club](#).

How does KidSport work?

You can apply for KidSport [online](#) or by using a hard copy application form.

KidSport applications are assessed by the local government in which the child resides or by the KidSport team at the department. If an application is approved, the KidSport team will email you a voucher code (unique to the child). The code needs to be provided to the club when registering so that the approved amount can be deducted from the registration or membership fees.

All voucher codes will expire in 90 days.

Recent changes to KidSport

1. As of 1 January 2018, the total funding available per child in a calendar year is \$150.
2. All clubs will have to meet the KidSport club eligibility criteria by 30 November 2018.
3. There is now a 90 day expiry on KidSport vouchers.

Our cute killers: Cats are killing more than 1.5 billion native animals per year in Australia

Pet and feral cats together are killing over two billion reptiles, birds and mammals per year in Australia, and most of these animals are natives, according to a new book written by three of Australia's leading environmental scientists.

The book, [Cats in Australia: Companion and killer](#), compiles key findings from hundreds of studies and management experience about cats across Australia.

With **feral** cats now a declared species in WA under the BAM Act we are looking forward to landholders having more options to control this damaging species on their land.

This new Declaration only relates to feral cats, and differentiates between feral, stray and domestic.

Wheatbelt NRM has been tackling the issue of feral cats for some years.

Over 180 feral cats were removed as part of our work with the community to protect populations of the Black flanked rock wallaby in the central Wheatbelt and one landholder last year caught a feral cat that weighed over 13kgs.

Works & Services - July 2019

Works and Services Crew has been busy with road works in the month of July. The focus has been on clearing culverts to facilitate the drainage within the road reserve.

The maintenance grading programme has commenced as we now have moisture in the ground and will keep going for the next couple months.

Currently the clay base of the cricket pitch is getting replaced by the cricket club at the oval.

Works and Services have started to spray the verges for weeds as they have now germinated.

Regular maintenance of the streets within the town precinct is ongoing.

Works and services are looking for some existing or potential gravel pits, this gravel would be used within a radius of 10km of pit to improve conditions of existing unsealed roads.

If you have any road or maintenance related issues please contact Fabian via email on
