THE SHIRE OF TAMMIN WOULD LIKE TO
WELCOME A NEW TEAM MEMBER TO OUR
WORKS AND SERVICES DEPARTMENT

NEW Employee Onboard

William Marwick

May 2020 Works Report

The Shire of Tammin would like to advise that the maintenance grading on unsealed road is now ongoing as the weather conditions have brought long awaited moisture. The work load is shared between 2 contractors and the Shire of Tammin. We would like to welcome our new maintenance grader operator William Marwick as Graeme Button has now retired from our work force. Thank you very much Graeme for your 25 years of services with the Shire of Tammin and enjoy your retirement.

The new brick paved walkway between the Town Hall and the Shire office is now complete and a new hand rail has also been installed by the Shire Crew.

Works on the new disabled toilet facility at the Town Hall is near completion and should be up and running in the coming weeks. An upgrade of the male toilets is also on the cards for the near future as well as the re-sanding and polishing of the Town Hall flooring.

The undercover area work at the pavilion between the existing building and the transportable ablution block at the rear of the building is completed. With the help of the Federal Government Local Roads and Community Infrastructure Program, we have now installed CCTV cameras at the recreation centre.

A new section of footpath has been installed on Shields St, this will improve the access for seniors from the Tamma Village to the Post Office and other amenities. The Shire will renew footpaths on a yearly basis as part of the Shire of Tammin accessibility plan.

Works and services are still looking for some existing or potential gravel pits, we will be in contact with land owners to identify and excavate some test pits in areas where gravel could be sourced for the maintenance of the road network. This gravel would be used within a radius of 10km of the pit to improve conditions of existing unsealed roads.

Take care and stay safe.

If you have any road or maintenance related issues

Please contact Fabian via email on

The Wheatbelt Mental Health Service is a team of mental health professionals including Consultant Psychiatrists, Clinical Psychologists, Social Workers, Child and Adolescent professionals, Community Mental Health Nurses and Aboriginal Mental Health Workers. This service provides comprehensive assessment and treatment for people with mental health problems. The service can provide training and support to other organisations and professionals.

Locally based, multi-disciplinary teams are located in Northam, Gingin, Merredin and Narrogin. Regular visits are made to outlying areas within the region to meet community needs. Outreach is supported by telephone consultation and videoconferencing. Clinical liaison is provided to hospitals within the region.

Amity Health

Amity Health provide integrated primary mental health care. Referrals are accepted from:

- ◆ GPs and other allied health professionals.
- ◆ Self or family referral. Please call 9842 2797.

All referrals will be triaged for appropriateness at Amity Health and then forwarded to location specific clinicians. We will have small clinical teams in towns throughout both regions with our goal to have a more widespread service model that is not centred in only one major regional town.

Wheatbelt services are available in Northam, Merredin, Narrogin, Moora, Coastal Wheatbelt.

The Stepped Care Model is not a one size fits all approach so clients will be able to move through the system both ways having access to services delivered in a number of different ways.

Service options include:

- ◆ Brief focused intervention - face to face or telehealth if client is in a remote area and community support.
- ◆ Care management - For those with more chronic and complex problems who require specialised support in a case management style service. The Integrated Care managers will work very closely with GPs and WACHS in managing these clients.
