CMT Seniors Committee

CMT Seniors Committee is a committee for the purpose of developing relationships, improving social interaction and facilities for the aging populations of the Shire of Tammin and Shire of Cunderdin.

At a recent seniors day held in Meckering an employee from SOPHIHUB, a personal alarm and adaptive home care provider, gave a presentation on the benefits of their product enabling aged and at risk members of the community to live independently.

Through discussions held on the day and at our recent committee meeting it has been brought to our attention that due to our remote Wheatbelt location, many people have reduced and unreliable mobile phone capacity. This limits the community to possible services that would enable the freedom and confidence to live independently.

If you believe that you may be impacted by inadequate mobile service please use the adjacent table of mobile carriers to lodge a complaint and highlight your priorities.

Farewell Graeme

After 25 years of working for the Shire we would like to say a big thank you to Graeme Button for his dedication to the our Community in Works and Services.

FROM ALL THE STAFF AT THE SHIRE WE WISH YOU WELL IN YOUR FUTURE ADVENTURES.

July 2020 Works Report

The Shire of Tammin would like to advise that the maintenance grading on unsealed roads is near completion. The work load has been shared between contractors and the Shire of Tammin. The Shire crew will start working on road shoulders in the coming weeks, on Tammin South Rd, Yorkrakine Rd, Tammin-Wyalkatchem Rd, Bungulla North Rd and York Tammin Rd.

Currently the floor of the Town Hall is getting repaired and sanding is taking place followed by a couple coats of hard wax. This will improve the use of the Town Hall for the future.

A new shade sail has been installed at the Oval's playground for kids of all ages to enjoy their time. New seats will also be installed at the new tennis courts in the coming weeks, which will make it more comfortable for spectators.

Works on the new disabled toilet facility at the Town Hall is now completed and renovations are about to start on the ladies and male's toilets.

Works and services are still looking for some existing or potential gravel pits, we will be in contact with land owners to identify and excavate some test pits in areas where gravel could be sourced for the maintenance of the road network. This gravel would be used within a radius of 10km of the pit to improve conditions of existing unsealed roads.

Take care and stay safe.

If you have any road or maintenance related issues

Please contact Fabian via email on
