#### **Acknowledgement of Country**

The Shire of Tammin acknowledge the Ballardong Noongar People as traditional custodians of the land and skies on which we gather, and we pay our respects to their Elders, past, present and emerging.

# A Message from the Shire President

As Shire President it is my honour and privilege to present my Shire of Tammin Annual Report 2024/25.

I was very fortunate to have been renominated as President in October 2025 for another two years. Cr Tanya Nicholls has also been renominated as Deputy President and we also have a new Councillor Ashley Mackin join our Council, along with Cr Courtney Thomson, Cr Nick Caffell and Cr Jill Rogers. I would like to take this opportunity to thank Barry Leslie who retired from Council in July 2025. Barry is a dedicated Tammin resident who only wants the best for Tammin, and we thank him for his time served on Council. Barry's knowledge was outstanding, and we all valued it.

We as a Shire have had a very productive and successful 24/25 financial year with the completion of major capital projects and initiatives including:

- -Bungulla North Road reseal, Yorkrakine Road, Urban reseals.
- -Maintenance grading Tammin North, Yorkrakine Road, Kitto Rogers Road, Quartermaine Road, Goldfields Road and Quinn Rogers Road.
- -Floodways' constructed at Yorkrakine East Road, Quartermaine.
- -York Tammin Road stabilising and drainage.
- -Chappell Wheeldon Floodway Extension.
- -Chappell Wheeldon Floodway Culvert replacement.
- -Footpath renewal Packham Street and Dreyer Street and street sealing program.
- -Donnan Park men's toilet upgrade.
- -Various road grading projects.
- -Nottage Way drainage.
- -Revamp of gardens across from Post Office, including reticulation.
- -Upgrade toilet block at Yorkrakine Hall.
- -Purchase Tractor and slasher.
- -Removal of two walls at the old tennis club.
- -Dishwasher at hall.

There have been several events in Tammin throughout the year – The 2025 Awards night that acknowledges Tammin residents for their contribution in making a difference to our community – These award winners were:

Citizen of the Year

Ypie Thomson

Senior Citizens of the Year

Ken and Pam Bartlett

Sportsperson of the Year

Ruby York

Youth Award of the Year

- Zoe Christison

We held Tammin Shire fun run/walk inaugural event, in which over 20 adults and children participated; CMT Seniors Be Happy Day; ANZAC Service at Tammin Primary School; Tammin CWA celebration 85 years luncheon. Tammin Golf Club opening; Women In Farming Tammin inaugural meeting; Comedy Gold; Festival of Small Halls at Yorkrakine Hall; West Yorky Cricket Club and Yorky Hall celebrated 100 years at Yorkrakine Hall – over 100 people attended; Remembrance Day; Tammin Seniors Luncheon with John Wood and Dave Allen; Road Safety Awareness event at Memorial Park; Opening of Tammin Pump Track; Stay on your feet workshops; Fellowship Christmas dinner; and the Community Christmas Tree. It has been a very busy year of events, and it has been fantastic to see so many community members attend these.

Char Thomson—Shire President

# A Message from the Shire President

This financial year we said farewell to our CEO Jo Soderlund and her family, moving to New Zealand. Jo brought extensive leadership, values and strong community engagement to our Shire and we thank her for her dedication. We also said farewell to Works Manager Bevan Klein and Manager of Finance & Administration Racheal King.

I have had great pleasure of working alongside our new CEO Andrew Malone. Andrew is a very dedicated, approachable and personable CEO. Andrew has shown incredible leadership to all staff, Council and our community in the short time he has been at our Shire, and has formed strong relationships between our Shire, community groups, subcommittee groups, sporting groups as well as other surrounding Shires, and is an asset to our Shire along with his family.

Our Shire is also very fortunate to have Michael Silver - Manager of Technical Services join our Shire on 30th June 2025. Mike has in the short time he has been at Tammin delivered a high level of service and knowledge and guidance to our Shire, and support has been immeasurable.

I would also like welcome Codey Redmond – Manager of Finance & Corporate Services who commenced at our Shire in July 2025. Codey has brought with him great knowledge and a wonderful demeanour.

Also joining our Council Staff was Kayla Swann – Customer Service Officer who has quickly become a friendly and reliable point of contact for our community.

Once again, I would sincerely like to acknowledge the great work of both Councillors and staff who have worked tirelessly to deliver some outstanding results this year. It has been wonderful that the Community of Tammin has been actively involved in various events, especially our volunteers and we have many. I would like to make mention of our Chief Fire Control Officer Nick Caffell and Deputy Brad Jones and all our volunteer fire fighters who are tirelessly volunteering to fight fires to protect our community, keeping our town and surrounds safe. Also, our Ambulance volunteers that are there for our community and all sports volunteers who attend busy bees, all in the best interest of our community, THANK YOU!

It has been my privilege to be President of Tammin Shire, along with Deputy Cr Nicholls, Cr Courtney Thomson, Cr Jill Rogers and Cr Nick Caffell, and I look forward to our Shire's continuing achievements in the year ahead as Our Aim is Progress.

Cr Char Thomson

Shire President

## A Message from the CEO

I am pleased to present my first Annual Report, which reflects the commitment of Council and staff in delivering quality services to our residents.

This year has been another year of significant change at the Shire of Tammin, marked by further transitions in the leadership team. The highlight from the year was our focus on strengthening our organisation to ensure it is fit-for-purpose so that we can continue to deliver first class services. In September 2024 we said goodbye to Joanne who followed an exciting opportunity in New Zealand. We also saw the departure of Bevan Klein (Works Manager) and Racheal King (Finance and Corporate Services). We welcome a completely new leadership team with myself (Andrew Malone), Mike Silver (Manager Technical Services/ Works) and Codey Redmond (Manager Finance and Administration) as the Shire's leadership team, who with our dedicated staff and Council will ensure that we continue to deliver quality outcomes for Tammin and will strive to improve the Shire's unwavering commitment to serving our community.

For the 2024/2025 financial year, the Town generated \$3.57 million in total income, with \$1.29 m of operating income from rates. Rates revenue represents approximately a third of the Shire's income each year and is an income stream that the Shire has a substantial degree of control over. General rates revenue supports a broad range of Municipal infrastructure and services, including roads; waste services; building control; emergency management; animal control; community services; open space; footpaths; drainage; library services; community events; town planning; governance and corporate support; public conveniences and economic development.

The amount of rates revenue received demonstrates obvious tight budgetary constraints within the Shire, however the Shire makes effective and efficient use of the budget to deliver excellent customer service delivery and infrastructure improvements.

I would like to extend a heartfelt 'thank you' to all our valued sporting and community groups, community and bushfire volunteers and our community partners, for their continued support and collaboration throughout the year. Thank you also to the President, Deputy President, Councillors and the Shire's staff for all their support during this transition period and who have worked tirelessly on behalf of our community for another successful year of Council progress.

### **About Tammin**

The Shire of Tammin is located 184 kilometres east of Perth on the Great Eastern Highway. The Shire covers an area of 1,087 kilometre's and is bound by the neighbouring Shires of Kellerberrin, Quairading, Cunderdin and Wyalkatchem.

The Shire is home to a population of approximately 400 residents, working primarily within the agricultural industry for the production of grain and livestock. Each year, the Shire hosts a number of community events for its residents which include Comedy Gold, Fuse Festival, Seniors Luncheon, Tammin Achievement Awards and Wellness events. The Shire also contributes annually to a number of community run events including Australia Day, Anzac Day, Tammin Community Christmas Tree and many more.

Residents of the Shire enjoy a Mediterranean-type climate with weather ranging from 0 degrees Celsius in winter to 40 degrees Celsius during summer. The average yearly rainfall is 370mm falling mainly in the winter months.

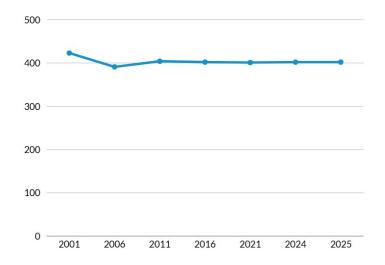

Tammin was first settled in 1893 by Mr John Packham with more settlers arriving in the 1900's. The town of Tammin was gazetted in 1899 and in 1948 became a Road Board in its own right having previously been part of the Meckering Road Board and later Cunderdin-Meckering-Tammin Road Boards. With changes to the Local Government Act 1960, it became the Shire of Tammin in 1961.

The name 'Tammin' means grandmother or grandfather according to the 'Descriptive Vocabulary of Aboriginies of WA' by G F Moore. Other theories are that Tammin was either named after the Tamma, a small marsupial wallaby, that once inhabited the area or the Tamma bush which grows throughout the district. For further information regarding the history of the Shire, please contact the Shire Administration Office.

## **Population**

Australian Bureau of Statistics (ABS) data for the Shire of Tammin indicates a decline in population of approximately 1.4% (or 6 persons)

between the 2001 and 2021 Census dates. The median age of persons residing with the Shire of Tammin is 47 years.

# **Elected Representatives**

Council policy provides that Council member attendance at all Council and Committee meetings must be reported in the Annual Report. For the year ended 30 June 2024 Council member attendance at all eleven (11) Council meetings and (4) Special Council meetings is documented below.

Please note that Councillor Barry Leslie resigned in June 2025 and President Batchelor's term ended in September 2023. Councillor Charmaine Thomson was elected President at the October 2023 Ordinary council meeting.

## **Elected Representatives**

The Tammin Shire Council currently has six (6) Councillors representing the district.

The Shires Councillors are the voice of the Tammin community. Councillors listen to the issues and ideas of residents and community groups and make strategic and policy decisions within the legislative framework in which they operate. The Shire President leads Council meetings and represents Council on formal occasions supported by the Deputy President.

# **Elected Representatives**

# **Demographic Profile**

A summary of the demographic profile of the Shires elected members is provided below:

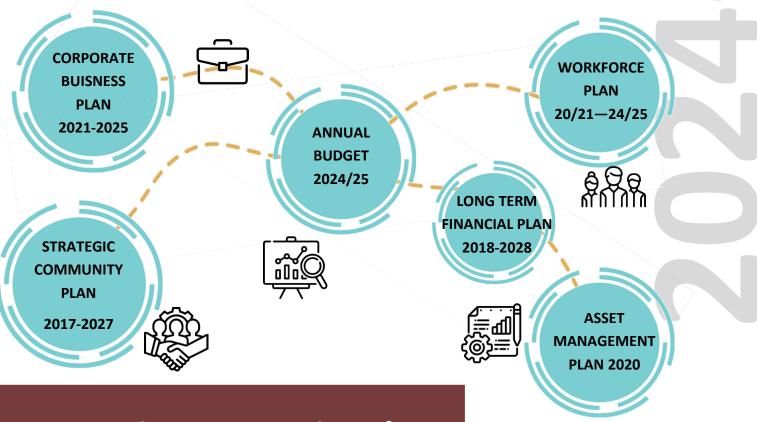

# Integrated Planning & Reporting

In 2010, the Western Australian State Government introduced legislation requiring local governments to prepare an Integrated Planning and Reporting Framework. The Shire of Tammin has the following integrated planning documents available for public inspection.

# **Strategic Community Plan**

The Shire of Tammin's Strategic Community Plan 2017-2027 outlines the strategic priorities of Council to address the community's long term vision for the Shire, "A place for People, a Place for Community".

Tammin as a community is vibrant and active, inclusive and welcoming, a community where people are treated equally and feel safe. The Shire's aim is to sustain and build local area capacity through employment and strengthen community development.

The aspiration of the community in pursuit of the Shire's vision, as identified through consultation with the community during the formation of the Strategic Community Plan has been categorised in six (6) strategic result areas as detailed on the following page. Each of these areas have multiple objectives the community desires to see achieved. It is the Shire's accompanying Corporate Business Plan that details the actions the Shire of Tammin will undertake to achieve the objectives defined under each of the strategic result areas of the Strategic Community Plan.

# Integrated Planning & Reporting

The six (6) strategic result areas outlined in the Shire of Tammin's Strategic Community Plan 2017-2027 that are the focus of the Shire of Tammin's pursuit to be "A Place for People, a Place for Community".

**1) Social / Community:** Grow and sustain the population through planned provision of services. Maintain the sense of community which is inclusive and welcoming for all.

**2) Environment:** Provide leadership and promote local regional sustainability principles and practices. Enhance local natural areas and open spaces.

3) Housing & Facilities: Our local area will be maintained through the provision of housing and employment choices for all ages, whilst protecting our viable farmland.

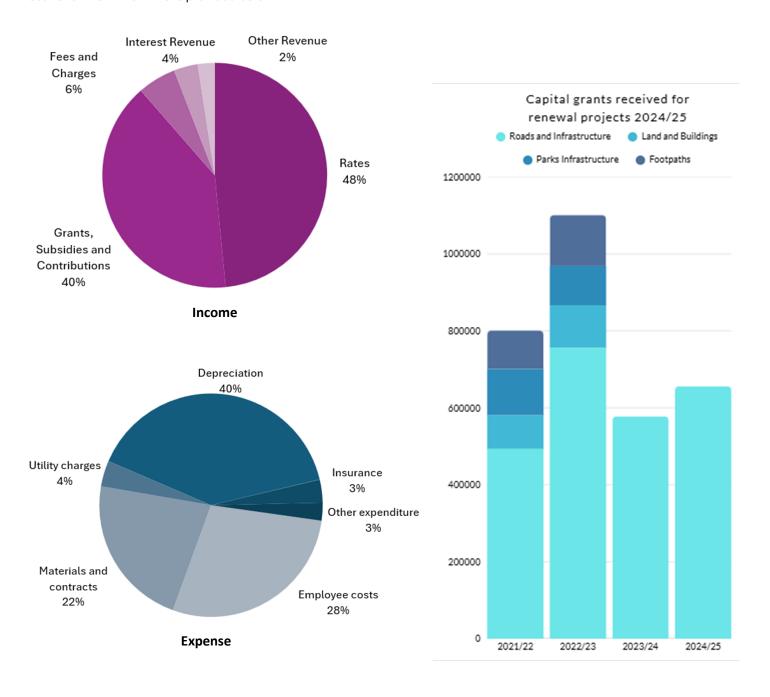

- **4) Economic Development:** Strengthen local business and employment capacity. Support and encourage sustainable business growth.
- **5) Infrastructure & Transport:** Our local town, amenities and facilities will be maintained and enhanced, ensuring that our town is one that community loves to be in and is proud of.
- **6) Civic Leadership:** Our Councillors and community leaders have a vision, are accessible, act with transparency and integrity, and act in good faith on behalf of their constituents.

# Financial Summary 2024/25

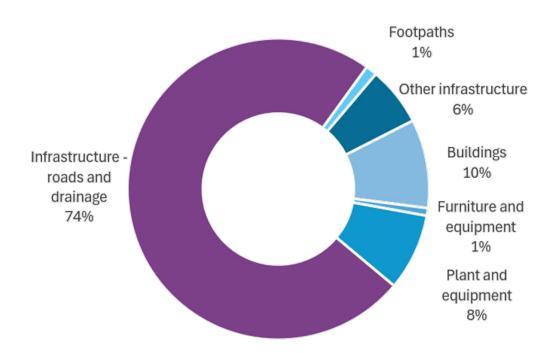

To deliver the objectives of the Strategic Community Plan the Shire requires many resources. These resources require funding, and the Shire derives this funding from different sources including rates, government grants and fees and charges.

The Annual Report presents the Shire's audited Annual Financial Statements for the year ending 30 June 2025 in the later pages of this report. A graphical representative of the shire of Tammin's financial results for the FY 2024/25 is provided below.

# Financial Summary 2024/25

During the FY2024/25financial year, the Shire of Tammin outlaid funds of \$1.46m in capital projects across the Shire. A summary of this investment by asset class is provided below.

# **Capital Projects**

A few key capital projects undertaken by the Shire of Tammin in FY2024/25 included:

- Floodway Extension Chappell Wheeldon Road
- Outdoor Lighting at Tamma Village
- Replace fence Tamma Village
- Donnan Park Mens Public Toilets (retiling and plumbing)
- Dishwasher at Townhall Kitchen

## Legislative Compliance

## **National Competition Policy**

The Shire of Tammin has met its obligations with regard to the National Competition Policy. The Shire has no local laws or policies that contain anti-competitive provisions. No complaints were received by the Shire of Tammin in FY2024/25 in relation to anti-competitive practices.

## **Disability Access and Inclusion Plan**

The Disability Services Act 1993 requires local governments to develop and implement a Disability Access and Inclusion Plan (DAIPs). The Shire of Tammin adopted a DAIP in 2015, with the plan to undergo a full review in 2020. Council is required to report on present activities as they relate to the six desired DAIP outcomes.

- 1) The Shire of Tammin is continually adapting existing services to give people with disabilities the same opportunities as other people to access the services of, and any events organised by the Shire.
- 2) The Shire of Tammin also continues to improve its buildings and footpath infrastructure to assist those with disabilities.
- 3) Wherever possible, people with disabilities can receive information from the Shire of Tammin in a format that will enable them to access the information as readily as other people are able to access it. This includes a comprehensive website and the ability to change documents to a large font size.
- 4) Staff at the Shire of Tammin are encouraged to be aware of the needs of people with disabilities to ensure they receive the same level and quality of services as other people receive. In 2023/24, staff received training on disabilities to enhance their ability to support individuals more effectively. We are also working with contractors to ensure they are aware of their responsibilities.
- 5) People with disabilities have the same opportunities as other people to make complaints to the Shire of Tammin. This can be done via written letters, email, SMS or verbally.
- 6) Council provides many ways for people to participate in public consultation and the Shire of Tammin is more than happy to discuss any grievances community members may have regarding the services available to the disabled.

The Shire has undertaken a Disability Access Audit for the various community facilities and amenities. The Shire has also undertaken a works program to improve the access ramps at various townsite intersections to better cater for the disable and aged.

## **Legislative Compliance**

### **Public Interest**

The Public Interest Disclosure Act 2003 (The Act) aims to facilitate and encourage the disclosure of public interest information and to provide protections for those who have made disclosures and for those about whom disclosures are made. The Shire of Tammin is committed to the aims and objectives of the Act and recognise the value and importance of contributions of staff to enhance administrative and management practises and supports disclosures being made by staff as to corrupt or other improper conduct. During the FY2024/25 reporting period, there were no disclosures made under the Act and no disclosures were referred to the Ombudsman.

### **Annual Salaries**

In 2024/25, the remuneration provided to the CEO was \$132,881

The Local Government Act 1995 requires Council to provide the number of employees who are entitled to an annual salary of \$130,000 or more, and to break those employees in salary bands. For the current reporting period, one employee of the Shire of Tammin received a salary in excess of \$130,000. These salaries were within the bands of \$140,000 - \$150,000.

## **Record Keeping Plan**

The Shire of Tammin is committed to best practice record keeping and compliance in accordance with the State Records Act 2000. The Shire of Tammin's Record Keeping Plan, following a comprehensive review in December 2019, has been approved by the State Record Office and the Shire conducts regular record keeping training for the staff.

## **Register of Minor Complaints**

Section 5.121 of the Local Government Act 1995 (The Act) requires a local government to maintain a register of complaints that result in action under Section 5.110 (6) (b) or (c) of the Act. The Shire of Tammin received no complaints made under Section 5.121 of the Act during the current reporting period.

# Legislative Compliance

## Freedom of Information

Part 5 of the Freedom of Information Act 1992 (The Act) requires an agency such as a Local Government to prepare and publish an Information Statement. The Shire of Tammin has produced an Information Statement for the current reporting period which can be inspected by contacting the Shire Office.

The Information Statement contains information on the type of documents available to the public and how to access those documents.

The Shire of Tammin maintains records relating to the function and administration of the Shire, each property within the Shire and includes such documents as the Minutes of the Meetings, Rates Book, Town Planning Scheme, Local Laws Codes of Conduct, Register of Financial Interest, Register of Delegated Authority, Financial Statements and Electoral Rolls. These documents can be inspected free of charge at the Shire of Tammin, 1 Donnan Street Tammin, during office hours.

All Council meetings of the Shire are open to the public and meeting dates and venues are advertised on a regular basis. Members of the public are invited to ask questions during Public Question Time shortly after the commencement of each meeting.

The Act gives individuals and organisation a general right of access to information held by the Shire of

Tammin. It also provides the right of appeal in relation to decisions made by the Shire to refuse access to information applied for under the Act.

The Shire of Tammin advises that no Freedom of Information requests were received by the Shire during the current reporting period.

Note 25	Reserve accounts	35

#### 1. BASIS OF PREPARATION

The financial report of the Shire of Tammin which is a Class 4 local government comprises general purpose financial statements which have been prepared in accordance with the Local Government Act 1995 and accompanying regulations

#### Local Government Act 1995 requirements Section 6.4(2) of the Local Government Act 1995 read with the Local

Government (Financial Management) Regulations 1996 prescribe that the financial report be prepared in accordance with the Local Government Act 1995 and, to the extent that they are not inconsistent with the Local Government Act 1995, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied except for disclosure requirements of

- AASB 7 Financial Instruments Disclosures
  AASB 16 Leases paragraph 58

- AASB 101 Presentation of Financial Statements paragraph 61
   AASB 107 Statement of Cash Flows paragraphs 43 and 45
- AASB 116 Property. Plant and Equipment paragraph 79
- AASB 137 Provisions, Contingent Liabilities and Contingent Assets paragraph 85
- AASB 140 Investment Property paragraph 75(f)
   AASB 1052 Disaggregated Disclosures paragraph 11
   AASB 1054 Australian Additional Disclosures paragraph 16

The Local Government (Financial Management) Regulations 1996 specify that vested land is a right-of-use asset to be measured at cost and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 Leases which would have required the Shire to measure any vested improvements at zero cost.

The Local Government (Financial Management) Regulations 1996

- land and buildings classified as property, plant and equipment or
- infrastructure: or
- vested improvements that the local government controls

and measured at reportable value, are only required to be revalued every five years. Revaluing these non-financial assets every five years is a departure from AASB 116 Property, Plant and Equipment, which would have required the Shire to assess at each reporting date whether the carrying amount of the above mentioned non-financial assets materially differs from their fair value and, if so, revalue the class of non-financial assets

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities

#### Critical accounting estimates and judgements

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying amounts of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these

As with all estimates, the use of different assumptions could lead to material changes in the amounts reported in the financial report

The following are estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year and further information on their nature and impact can be found in the relevant note.

- Fair value measurement of assets carried at reportable value including:
- Property, plant and equipment note 7
- Infrastructure note 8
- Expected credit losses on financial assets note 5
- Measurement of provisions note 13

Fair value heirarchy information can be found in note 21

#### The local government reporting entity

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

Initial application of accounting standards

During the current year, the following new or revised Australian Accounting Standards and Interpretations were applied for the

- AASB 2020-1 Amendments to Australian Accounting Standards Classification of Liabilities as Current or Non-current
- AASB 2022-5 Amendments to Australian Accounting Standards Lease Liability in a Sale and Leaseback
- AASB 2022-6 Amendments to Australian Accounting Standards
   Non-current Liabilities with Covenants
- AASB 2023-3 Amendments to Australian Accounting Standards closure of Non-current Liabilities with Covenants: Tier 2
- AASB 2024-1 Amendments to Australian Accounting Standards
- Supplier Finance Arrangements. Tier 2 Disclosures
   AASB 2023-1 Amendments to Australian Accounting Standards

 Supplier Finance Arrangements
 These amendments are not expected to have any material impact on the financial report on initial application.

 AASB 2022-10 Amendments to Australian Accounting Standards - Fair Value Measurement of Non-Financial Assets of Not-for-Profit Public Sector Entities

These amendment may result in changes to the fair value of certain non-financial assets on revaluation. The impact has not been quantified as it is not considered practicable to determine the amount of the difference in fair value attributable to the change in the standard

#### New accounting standards for application in future years The following new accounting standards will have application to local government in future years:

AASB 2014-10 Amendments to Australian Accounting Standards

- Sale or Contribution of Assets between an Investor
- Associate or Joint Venture
- AASB 2024-4b Amendments to Australian Accounting Standards
   Effective Date of Amendments to AASB 10 and AASB 128 [deferred AASB 10 and AASB 128 amendments in AASB 2014-10 apply]
- AASB 2022-9 Amendments to Australian Accounting Standards
   Insurance Contracts in the Public Sector
- AASB 2023-5 Amendments to Australian Accounting Standards
- Lack of Exchangeability AASB 18 (FP) Presentation and Disclosure in Financial Statements
- (Appendix D) [for for-profit entities]

   AASB 18 (NFP/super) Presentation and Disclosure in Financial St
- (Appendix D) Ifor not-for-profit and superannuation entities?
- AASB 2024-2 Amendments to Australian Accounting Standards
   Classification and Measurement of Financial Instruments
- AASB 2024-3 Amendments to Australian Accounting Standards
   Annual Improvements Volume 11
- These amendments are not expected to have any material impact

on the financial report on initial application.

#### 2. REVENUE AND EXPENSES

#### (a) Revenue

Contracts with customers
Recognition of revenue is dependant on the source of revenue and the associated terms and conditions associated with each source of revenue and recognised as follows:

Revenue category	Nature of goods and services	When obligations typically satisfied	Payment terms	Returns/refunds/ warranties	Timing of revenue recognition
Rates	General Rates	Over time	Payment dates adopted by Council during the year.	None.	When rates notice is issued.
Grants, subsidies and contributions	Community events, minor facilities, research, design, planning evaluation and services.	Over time	Fixed terms transfer of funds based on agreed milestones and reporting.		Output method based on project milestones and/or completion date matched to performance obligations as inputs are shared.
Fees and charges	Cemetery services, library fees, rental income, reinstatements and private works.	Single point in time	Payment in full in advance.	None.	Output method based on provision of service or completion of works.
Interest earnings	Interest received for investment of Shire funds with financial institutions	Over time	On maturity of investment or periodically as agreed with bank	None	When interest is received.
Other revenue	Private works operations and miscellaneous plant income, insurance income.	Over time	Payment in full in advance.	None	When debtors invoice is issued or payment is received in advance.
Capital grants, subsidies and contributions	Construction or acquisition of recognisable non-financial assets to be controlled by the loca government.	Over time	Fixed terms transfer of funds based on agreed milestones and reporting.		Output method based on project mitestones and/or completion date matched to performance obligations as inputs are shared.

Consideration from contracts with customers is included in the transaction price.

Revenue recognition

Rate revenue was recognised from the rate record as soon as practicable after the Shire resolved to impose rates in the financial year as well as when the rate record was amended to ensure the information in the record was current and correct.

Revenue recognised during the year under each basis of recognition by nature of goods or services is provided in the table below:

2025

#### MATERIAL ACCOUNTING POLICIES

#### Cash and cash equivalents

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

#### 4. OTHER FINANCIAL ASSETS

#### (a) Current assets

Financial assets at amortised cost

#### Other financial assets at amortised cost

Self-supporting loans receivable

#### Held as

- Unrestricted other financial assets at amortised cost

#### (b) Non-current assets

Financial assets at fair value through profit or loss

#### Financial assets at fair value throughother comprehensive income

Units in Local Government House Trust - opening balance Movement attributable to fair value increment (decrement) Units in Local Government House Trust - closing balance

#### MATERIAL ACCOUNTING POLICIES

#### Other financial assets at amortised cost

The Shire classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows; and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Fair values of financial assets at amortised cost are not materially different to their carrying amounts, since the interest receivable on those assets is either close to current market rates or the assets are of a short term nature. Non-current financial assets at amortised cost fair values are based on discounted cash flows using a current market rates. They are classified as level 2 fair values in the fair value hierarhy (see Note 21 (i)) due to the observable market rates.

Interest received is presented under cashflows from operating activities in the Statement of Cash Flows where it is earned from financial assets that are held for cash management purposes.

#### Restricted financial assets

Restricted financial asset balances are not available for general use by the local government due to externally imposed restrictions. Restrictions are specified in an agreement, contract or legislation This applies to reserve accounts, unspent grants, subsidies and contributions and unspent loans that have not been fully expended in the manner specified by the contributor, legislation or loan agreement,

Financial assets at fair value through profit or loss The Shire classifies the following financial assets at fair value through profit or loss:

- debt investments which do not qualify for measurement at either amortised cost or fair value through other comprehensive income.
- equity investments which the Shire has elected to recognise as fair value gains and losses through profit or loss

#### MATERIAL ACCOUNTING POLICIES

Rates and statutory receivables

Rates and statutory receivables are non-contractual receivables arising from statutory requirements and include amounts due from ratepayers for unpaid rates and service charges and other statutory charges or fines,

Rates and statutory receivables are recognised when the taxable event has occurred and can be measured reliably.

#### Trade receivables

5

Trade receivables are amounts receivable from contractual arrangements with customers for goods sold, services performed or grants or contributions with sufficiently specific performance obligations or for the construction of recognisable non financial assets as part of the ordinary course of business.

#### Measurement

Trade and other receivables are recognised initially at the amount of the transaction price, unless they contain a significant financing component, and are to be recognised at fair value.

#### Classification and subsequent measurement

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

#### 6. OTHER ASSETS

	2025	2024
	\$	\$
Other assets - current		
Prepayments	35,353	0
Contract assets	0	111,794
	35,353	111,794

#### MATERIAL ACCOUNTING POLICIES

#### Other current assets

Other non-financial assets include prepayments which represent payments in advance of receipt of goods or services or that part of expenditure made in one accounting period covering a term extending beyond that period.

- construction/road base	24 - 50 years

#### 9. FIXED ASSETS (Continued)

#### MATERIAL ACCOUNTING POLICIES Initial recognition

An item of property, plant and equipment or infrastructure that qualifies for recognition as an asset is measured at its cost,

Upon initial recognition, cost is determined as the amount paid (or other consideration given) to acquire the assets, plus costs incidental to the acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition.

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with Local Government (Financial Management) Regulation 17A(5). These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

Individual assets that are land, buildings and infrastructure acquired between scheduled revaluation dates of the asset class in accordance with the Shire's revaluation policy, are recognised at cost and disclosed as being at reportable value.

#### Measurement after recognition

Plant and equipment including furniture and equipment and right-of-use assets (other than vested improvements) are measured using the cost model as required under Local Government (Financial Management) Regulation 17A(2). Assets held under the cost model are carried at cost less accumulated depreciation and any impairment losses being their reportable value.

#### Reportable value

In accordance with Local Government (Financial Management)
Regulation 17A(2), the carrying amount of non-financial assets that are land and buildings classified as property, plant and equipment, investment properties, infrastructure or vested improvements that the local government controls.

Reportable value is for the purpose of Local Government (Financial Management) Regulation 17A(4) is the fair value of the asset at its last valuation date minus (to the extent applicable) the accumulated depreciation and any accumulated impairment losses in respect of the non-financial asset subsequent to its last valuation date.

#### Revaluation

Land and buildings classified as property, plant and equipment, infrastructure or vested improvements that the local government controls and measured at reportable value, are only required to be revalued every five years in accordance with the regulatory framework. This includes buildings and infrastructure items which were pre-existing improvements (i.e. vested improvements) on land vested in the Shire.

Whilst the regulatory framework only requires a revaluation to occur every five years, it also provides for the Shire to revalue earlier if it chooses to do so.

For land, buildings and infrastructure, increases in the carrying amount arising on revaluation of asset classes are credited to a revaluation surplus in equity.

Decreases that offset previous increases of the same class of asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

Subsequent increases are then recognised in profit or loss to the extent they reverse a net revaluation decrease previously recognised in profit or loss for the same class of asset.

#### Depreciation

The depreciable amount of all property, plant and equipment and infrastructure, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

#### Depreciation on revaluation

When an item of property, plant and equipment and infrastructure is revalued, any accumulated depreciation at the date of the revaluation is treated in one of the following ways:

 (i) The gross carrying amount is adjusted in a manner that is consistent with the revaluation of the carrying amount of the asset; or
 (ii) Eliminated against the gross carrying amount of the asset and the not amount restated to the revalued amount of the asset.

#### Impairment

In accordance with Local Government (Financial Management)
Regulations 17A(4C), the Shire is not required to comply with
AASB 136 Impairment of Assets to determine the recoverable amount
of its non-financial assets that are land or buildings classified as
property, plant and equipment, infrastructure or vested improvements
that the local government controls in circumstances where there has
been an impairment indication of a general decrease in asset values.

In other circumstances where it has been assessed that one or more of these non-financial assets are impaired, the asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

#### Gains or losses on disposal

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income in the period in which they arise.

#### 10. TRADE AND OTHER PAYABLES

Current
Sundry creditors
Prepaid rates

18,489	14,382
879	879
201,445	169,591

#### MATERIAL ACCOUNTING POLICIES

#### **Financial liabilities**

Financial liabilities are initially recognised at fair value when the Shire becomes a party to the contractual provisions of the instrument.

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost.

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and any consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

#### Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the financial year that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are usually paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

#### Prepaid rates

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the Shire recognises income for the prepaid rates that have not been refunded.

#### 11. OTHER LIABILITIES

Current
Contract liabilities
Reconciliation of changes in contract liabilities
Opening balance
Revenue from contracts with customers included as a contract
liability at the start of the period

2025	2024

14,852	41,800
(14,852)	(26,948) 14,852
0	14,852

#### MATERIAL ACCOUNTING POLICIES

Contract liabilities

Contract liabilities represent the Shire's obligation to transfer goods or services to a customer for which the Shire has received consideration from the customer.

Contract liabilities represent obligations which are not yet satisfied. Contract liabilities are recognised as revenue when the performance obligations in the contract are satisfied.

#### 12. BORROWINGS

	2025		2024				
	Note	Current	Non-current	Total	Current	Non-current	Total
Secured	***************************************	\$	\$	\$	\$	\$	\$
Debentures		14,618	0	14,618	50,879	14,618	65,497
Total secured borrowings	24(a)	14,618	0	14,618	50,879	14,618	65,497

#### Secured liabilities and assets pledged as security

Bank overdrafts and bank loans are secured by a floating charge over the general funds of the Shire of Tammin.

The Shire of Tammin has complied with the financial covenants of its borrowing facilities during the 2025 and 2024 years.

#### MATERIAL ACCOUNTING POLICIES

#### **Borrowing costs**

The Shire has elected to recognise borrowing costs as an expense when incurred regardless of how the borrowings are applied.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature. Borrowings fair values are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy (see Note 21(i)) due to the unobservable inputs, including own credit risk.

#### Risk

Details of individual borrowings required by regulations are provided at Note 24(a).

#### 13. EMPLOYEE RELATED PROVISIONS

Emp	ovee	re	lated	provis	ions

and the second s	2025	2024
Current provisions	<b>5</b>	\$
Employee benefit provisions		
Annual leave	52,112°	30,451
Long service leave	15,347	30,398
	67,459	60,849
Total current employee related provisions	67,459	60,849
Non-current provisions		
Employee benefit provisions		
Long service leave	29,775	35,065
	29,775	35,065
Total non-current employee related provisions	29,775	35,065
Total employee related provisions	97,234	95,914

Provision is made for benefits accruing to employees in respect of wages and salaries, annual leave and long service leave and associated on costs for services rendered up to the reporting date and recorded as an expense during the period the services are delivered.

Annual leave liabilities are classified as current, as there is no unconditional right to defer settlement for at least 12 months after the end of the reporting period.

#### MATERIAL ACCOUNTING POLICIES

#### **Employee benefits**

The Shire's obligations for employees' annual leave, long service leave and other employee leave entitlements are recognised as employee related provisions in the Statement of Financial Position.

#### Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position.

#### Other long-term employee benefits

Long-term employee benefits provisions are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

#### 17. CONTINGENT LIABILITIES

The Shire of Tammin has, in compliance with the Contaminated Sites Act 2003 s 11, listed the Tammin Refuse Disposal Site to be possible source of contamination.

The Shire is currently not aware of any potential contamination on the above site and therefore; has not identified any need to undertake investigation. Until the Shire conducts an investigation to determine the presence and scope of contamination, assess the risk and agree with the Department of Water and Environmental Regulation (DWER) the need and criteria for remediation, the Shire is unable to accurately quantify its clean-up liabilities for potentially contaminated site.

The Shire is continuing to monitor the sites and will progressively undertake site investigations and remediation on a risk based approach. This approach is consistent with the DWER guidelines.

#### Short-term employee benefits

These amounts include all salary and fringe benefits awarded to KMP except for details in respect to fees and benefits paid to council members which may be separately found in the table above.

#### Post-employment benefits

These amounts are the current-year's cost of the Shire's superannuation contributions made during the year.

#### Other long-term benefits

These amounts represent annual leave and long service leave entitlements accruing during the year.

#### Termination benefits

These amounts represent termination benefits paid to KMP (Note: may or may not be applicable in any given year).

#### Council member costs

These amounts represent payments of member fees, expenses, allowances and reimbursements during the year.

#### 19. RELATED PARTY TRANSACTIONS (Continued)

#### (c) Transactions with related parties

Transactions between related parties and the Shire are on normal commercial terms and conditions, no more favourable than those available to other parties, unless otherwise stated.

No outstanding balances or provisions for doubtful debts or guarantees exist in relation to related parties at year end.

In addition to KMP compensation above the following transactions	2025	2024
occurred with related parties:	Actual	Actual
	\$	\$
Sale of goods and services	0	1.268

#### (d) Related parties

#### The Shire's main related parties are as follows:

#### i. Key management personnel

Any person(s) having authority and responsibility for planning, directing and controlling the activities of the Shire, directly or indirectly, including any council member, are considered key management personnel.

#### ii. Other Related Parties

Outside of normal citizen type transactions with the Shire, there were no other related party transactions involving key management personnel and/or their close family members and/or their controlled (or jointly controlled) entities.

#### iii. Entities subject to significant influence by the Shire

There were no such entities requiring disclosure during the current or previous year,

#### 20. EVENTS OCCURRING AFTER THE END OF THE REPORTING PERIOD

There have been no material events after the reporting period which would affect the financial report of the Shire for the year ended 30th June 2024 or which would require a separate disclosure.

#### 21. OTHER MATERIAL ACCOUNTING POLICIES

#### a) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

#### b) Current and non-current classification

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operational cycle. In the case of liabilities where the Shire does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the Shire's intentions to release for sale.

#### c) Rounding off figures

All figures shown in this annual financial report, other than a rate in the dollar, are rounded to the nearest dollar. Amounts are presented in Australian Dollars.

#### d) Comparative figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

When the Shire applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statements that has a material effect on the statement of financial position, an additional (third) Statement of Financial Position as at the beginning of the preceding period in addition to the minimum comparative financial report is presented.

#### e) Budget comparative figures

Unless otherwise stated, the budget comparative figures shown in this annual financial report relate to the original budget estimate for the relevant item of disclosure.

#### f) Superannuation

The Shire contributes to a number of Superannuation Funds on behalf of employees. All funds to which the Shire contributes are defined contribution plans.

#### g) Fair value of assets and liabilities

Fair value is the price that the Shire would receive to sell the asset or would have to pay to transfer a liability, in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset or flability. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

To the extent possible, market information is extracted from either the principal market for the asset or liability (i.e. the market with the greatest volume and level of activity for the asset or liability) or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

#### h) Interest revenue

Interest revenue is calculated by applying the effective interest rate to the gross carrying amount of a financial asset measured at amortised cost except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

#### i) Fair value hierarchy

AASB 13 Fair Value Measurement requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

#### Level 1

Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

#### Laval:

Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

#### Level:

Measurements based on unobservable inputs for the asset or liability.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data, if all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

#### Valuation techniques

The Shire selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the Shire are consistent with one or more of the following valuation approaches:

#### Market approach

Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.

#### Income approach

Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.

#### Cost approach

Valuation techniques that reflect the current replacement cost of the service capacity of an asset.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the Shire gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

#### j) Impairment of assets

In accordance with Australian Accounting Standards the Shire's assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount except for non-financial assets that are:

- land and buildings classified as property, plant and equipment;
- infrastructure: or
- vested improvements that the local government controls, in
- circumstances where there has been an impairment indication of a general decrease in asset values.

These non-financial assets are assessed in accordance with the regulatory framework detailed in Note 9.

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Standard (e.g. AASB 116 Property, Plent and Equipment) whereby any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard.

(6)	Property & Building Reserve	<ul> <li>For future development of Shire properties including urgent maintenance and construction of Council buildings.</li> </ul>

# INDEPENDENT AUDITOR'S REPORT 2025

#### **Shire of Tammin**

#### To the Council of the Shire of Tammin

#### Opinion

I have audited the financial report of the Shire of Tammin (Shire) which comprises:

- the statement of financial position as at 30 June 2025, the statement of comprehensive income, statement of changes in equity, statement of cash flows and statement of financial activity for the year then ended
- notes comprising a summary of material accounting policies and other explanatory information.

In my opinion, the financial report:

- is based on proper accounts and records
- presents fairly, in all material respects, the results of the operations of the Shire for the year ended 30 June 2025 and its financial position at the end of that period
- is in accordance with the *Local Government Act 1995* (the Act) and, to the extent that they are not inconsistent with the Act, Australian Accounting Standards.

#### **Basis for opinion**

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial report section below.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

#### Other information

The Chief Executive Officer (CEO) is responsible for the preparation and the Council for overseeing the other information. The other information is the information in the entity's annual report for the year ended 30 June 2025, but not the financial report and my auditor's report.

My opinion on the financial report does not cover the other information and accordingly, I do not express any form of assurance conclusion thereon.

In connection with my audit of the financial report, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or my knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude that there is a material misstatement of this other information, I am required to report that fact. I did not receive the other information prior to the date of this auditor's report. When I do receive it, I will read it and if I conclude that there is a material misstatement in this information, I am required to communicate the matter to the CEO and Council and request them to correct the misstated information. If the misstated information is not corrected, I may need to retract this auditor's report and re-issue an amended report.

#### Responsibilities of the Chief Executive Officer and Council for the financial report

The Chief Executive Officer (CEO) of the Shire is responsible for:

- keeping proper accounts and records
- preparation and fair presentation of the financial report in accordance with the requirements of the Act, the Regulations and Australian Accounting Standards
- managing internal control as required by the CEO to ensure the financial report is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the CEO is responsible for:

- assessing the Shire's ability to continue as a going concern
- disclosing, as applicable, matters related to going concern
- using the going concern basis of accounting unless the State Government has made decisions affecting the continued existence of the Shire.

The Council is responsible for overseeing the Shire's financial reporting process.

#### Auditor's responsibilities for the audit of the financial report

As required by the *Auditor General Act 2006*, my responsibility is to express an opinion on the financial report. The objectives of my audit are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.

A further description of my responsibilities for the audit of the financial report is located on the Auditing and Assurance Standards Board website. This description forms part of my auditor's report and can be found at <a href="https://www.auasb.gov.au/auditors">https://www.auasb.gov.au/auditors</a> responsibilities/ar4.pdf.

## My independence and quality management relating to the report on the financial report

I have complied with the independence requirements of the *Auditor General Act 2006* and the relevant ethical requirements relating to assurance engagements. In accordance with ASQM 1 *Quality Management for Firms that Perform Audits or Reviews of Financial Reports and Other Financial Information, or Other Assurance or Related Services Engagements,* the Office of the Auditor General maintains a comprehensive system of quality management including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

#### Matters relating to the electronic publication of the audited financial report

This auditor's report relates to the financial report of the Shire of Tammin for the year ended 30 June 2025 included in the annual report on the Shire's website. The Shire's management is responsible for the integrity of the Shire's website. This audit does not provide assurance on the integrity of the Shire's website. The auditor's report refers only to the financial report. It does not provide an opinion on any other information which may have been hyperlinked to/from the annual report. If users of the financial report are concerned with the inherent risks arising from publication on a website, they are advised to contact the Shire to confirm the information contained in the website version.

Liang Wong

Acting Senior Director Financial Audit Delegate of the Auditor General for Western Australia Perth, Western Australia 2 December 2025
